

Video and Camera Permission Form

Parents,

The use of videos and cameras are frequently used in the classrooms to capture active learning experiences. There are also times when our local news media comes in to give the public information on some of the wonderful things we're doing at South Columbus Elementary.

We would like to have your permission to include your child in these areas of photography.

I give my child, _____
permission to be photographed.

I do not want my child, _____
to be photographed.
